Author's Words

Hidenori Kusaka

It has been a year since the battle against the Elite Four, and the location of the story now shifts to the Johto Region!! Finally, the stories you have been waiting for - the stories of Gold, Silver and Crystal in volume 8!! I hope you will enjoy Part 3 of "Pokémon Adventures", which I worked on with a beginner's heart. (After finishing Volume 8, please go on to Volume 9 and Volume 10 too!)

Mato

Greetings readers! It's been awhile! "Pokémon Adventures" is starting a new chapter again! We shall part with Red, Green, Blue and Yellow for the moment, and join both Gold and Silver in their adventures! Gold's full of spunk and is a little rash at times (kinda like Red!), while Silver may remind you of a delinquent. I am excited to see what new adventures these new protagonists will encounter!

A new chapter unfolds in the Johto Region! Join our latest protagonist, Gold, together with his Pokémon partners as they embark of a brand new adventure! The Elite Four may be gone, but Team Rocket is up to their old tricks and a new threat is about to surface! Time for our trainers to get into gear!
